Sports Funding Impact Report

2017/18

What is the PE and Sports Premium Funding?

The government is providing funding of over £450 million per annum for academic years 2013-2020 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for education, Health and Culture, Media and Sport and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

Schools have to spend the sport funding on improving provision of PE and sport but they will have the freedom to choose how they do this.

The vision for the Primary PE and Sport Premium: **ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

The funding has been provided to ensure impact against the following **OBJECTIVE**: To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

Key Indicator 1: the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school

Key Indicator 2: the profile of PE and sport is raised across the school as a tool for whole-school improvement

Key Indicator 3: increased confidence, knowledge and skills of all staff in teaching PE and sport

Key Indicator 4: broader experience of a range of sports and activities offered to all pupils

Key Indicator 5: increased participation in competitive sport

At Hollinsclough we believe that the money should be used to benefit all pupils regardless of their sporting ability. We want it to have an impact on both their emotional and physical health and well-being.

The school has been receiving this PE and sport funding since 2013.

Key achievements to date:	Future Ideas and Development areas to achieve our 2020 vision.
<ul style="list-style-type: none"> • Schemes of work and assessments for PE are now in place across the school in line with the new PE curriculum. The new schemes will continue to be used in future years. The confidence and knowledge of the staff members has been significantly improved giving them the confidence to deliver the curriculum across the key stage in future years. • Staff and pupil confidence and ability to lead events and activities is sustainable and will be something the school builds upon as part of next year's plan. • Activities pupils have enjoyed and found they want to continue with, in or out of school, has led to sustainable attitude change and increased present and future participation. • Increased number of pupils meeting National curriculum expectations in swimming. 	<ul style="list-style-type: none"> • Embedding the use of PEDPASS plans by all teaching staff and coaches of PE • Continue to develop the CPD needs of all staff teaching the PE curriculum • Install large equipment for outdoor areas following completion of school expansion: trim trail, EYFS area • Raise awareness of emotional wellbeing for both staff and pupils. • Involve parents in understanding importance of an active, healthy lifestyle via newsletters and parental involvement days. • Train new playground leaders in upper KS2 • Install forest schools into our curriculum • Aim to achieve the YST/ afPE Quality Mark • Enrichment of the curriculum with alternative sporting activities such as cheerleading, parkour ec

Long-Term Vision for Physical Education

At Hollinsclough Academy we believe that physical activity not only improves health, reduces stress and improves concentration, but also promotes correct physical growth and development. Exercise has a positive influence on academic achievement, emotional stability and interaction with others. We aim for both teachers and children to be aware of its importance. We strive to provide the broad and balanced programme of physical education we believe every child should have; with activities designed to be enjoyable, vigorous, purposeful and regular. Through providing positive experiences, a lifelong interest in physical activity is encouraged. We value the importance of a varied curriculum experience. Our aim is to increase participation in physical activity outside of the two hours offered as part of the curriculum. In order to achieve this vision, we strive to offer varied opportunities for engagement in physical activity at lunchtimes and after school which are tailored to the children's interests.
